

Using Webdav to Copy Videos and Picture Files from the iPads to the Student R drive

- **OPEN WebDAV app**
- Select the **Student Shared Drive** (if needed) or click **Webdav Nav button** to go back.
- Single tap on **your grade level project folder**.
- Single tap on your **teacher's folder**.

- Single tap on the **project folder** as directed by **your teacher**.
- Select the **rectangular icon** to open the **camera roll**.
- Single tap on the **Camera roll**.
- Select the **photo or video** you wish to save to **WebDAV**.
- For **videos**, you will need to click the **use button** after you select it.

Enter a name for the resource
Suggest **your first name and project name**.

Example: Taylor name acoustic)

- **Click on Upload.**
